*Taking care of our own*

# SIX GREAT REASONS TO BELONG TO MOTO HEALTH CARE

- We create a *vibrant health care family* for the benefit of employers and their employees.
- We *suit the needs* of employees within the retail motor industry.
- We have *more than the legislated amount of reserves* legally required.
- Moto Health Care is *underpinned by accredited business partnerships* with World class Service Providers.
- *No brokers = No broker fees!*  
This makes it possible for us to offer members more health related benefits.
- We *educate members countrywide*, at their places of work.

## MOTO HEALTH CARE – THE SUSTAINABLE OPTION!

Moto Health Care offers *five options* namely:

Optimum, Classic, Hospicare, Custom and Essential with health care benefits *designed for all who work in the motor industry.*

### Optimum

is the flagship option of the Fund and offers comprehensive in and out of hospital benefits plus cover for a total of 74 chronic conditions.

### Classic

offers unlimited comprehensive in hospital cover with a savings limit based on your family size for out of hospital benefits, and cover for a total of 35 chronic conditions.

### Hospicare

offers unlimited in hospital cover plus chronic medication cover for the 26 Chronic Disease List (CDL) conditions from a Designated Service Provider (DSP). All PMB conditions, in and out of hospital will be paid from the risk pool in accordance with the requirements of the Medical Schemes Act.

### Custom

offers limited hospitalisation in a private hospital up to R350 000 per family per year. Chronic medication for the Chronic Disease List can be obtained from a Designated Service Provider (DSP). Unlimited primary care benefits are available through selected network doctors. Members can obtain over the counter medication from select pharmacies subject to a tailor-made formulary.

### Essential

offers limited hospitalisation in a public hospital up to R200 000 per family per year. Unlimited primary care benefits are available through selected network doctors.
